23. Problem: (use additional Sheets if necessary)

FtpPush of BulkUrl Insert file fails with timeout.

24. Proposed Solution: (use additional sheets if necessary)

Modify the COTS package with a delay which will be sufficient time to close a file and then check for ftp response.   The following machines will be impacted: e0dps01, g0dps01, l0dps01, n0dps01. Upon successful testing in the PVC this will be delivered to the DAACs as a patch. Full resolution requires modification of the currently baselined version of the FTP Beans Suites, together with custom code to be delivered with Release 7.0.   No license impact

25. Alternate Solution: (use additional sheets if necessary)

None
